

COVID-19 Travel and Tourism Reopening and Recovery Guidelines

EU Recovery Plan Summary

- EU member states are gradually lifting restrictions on non-essential travel from various countries. This list will be updated every 2 weeks. As of July 1, travel from Algeria, Australia, Canada, Georgia, Japan, Montenegro, Morocco, New Zealand, Rwanda, Serbia, South Korea, Thailand, Tunisia, Uruguay, and China (subject to reciprocity) is allowed. Travelers from the US are not approved to travel to the EU.

Reopening and Recovery Plans by Country

1. United Kingdom

- As of June 26, there are commercial flights between the US and UK. Individuals arriving from the US are required to self-isolate for 14 days upon arrival.
- From July 4, all business and venues can reopen except nightclubs, casinos, spas, indoor fitness and gaming, and exhibition/conference centers.
- All indoor/outdoor hospitality that is self-contained can be opened, e.g. restaurants, bars, cafes.
- Hotels and all other kinds of accommodation may open. Cinemas, museums, concert halls, etc. may all open. Indoor visitor attractions, including heritage sites and landmarks may open. Indoor attractions such as aquariums and zoos may also open.
- The opening up of the economy is being supported by NHS Test and Trace, which encourages companies to keep temporary records of their visitors.
- As of June 25, the “We’re Good to Go” industry standard and consumer mark has been launched. It signifies that businesses can demonstrate they are adhering to government and public health guidance.
